Expected Reconciliation Outcomes - Developer Ground Truth

No.	Expected result
1	CG/0726/441 and MOM/0726/784 match between purchase documents and GSTR-2B.
2	PCS/0726/219 exists in the purchase register but is missing from GSTR-2B.
3	CG/CN/0726/09 appears in GSTR-2B and should reduce/net-off ITC.
4	LPA/0726/055 is an unregistered-supplier RCM bill and is not expected in GSTR-2B.

The GSTR-2B file is related primarily to the purchase register, purchase/expense invoices, purchase-side credit notes, supplier-reported RCM records and import-of-goods information. It is intentionally not a mirror of the sales register.
