07_GSTR-2B_Synthetic.pdf	GST Portal style - synthetic	Government-style auto-drafted ITC statement for reconciliation

Expected Reconciliation Outcomes - Developer Ground Truth

No.	Expected result
1	PTM/0826/220 is an exact match.
2	EFI/0826/889 has a value mismatch: books taxable value is INR 90,000; GSTR-2B reports INR 95,000.
3	FC/0826/880 in books appears as FC/0826/808 in GSTR-2B, creating an invoice-number mismatch.
4	SH/0826/332 exists only in GSTR-2B and is not present in the purchase register.
5	PGH/0826/155 is shown as ITC Not Available due to place-of-supply restriction.
6	BLA/0826/066 is an RCM record and appears separately in GSTR-2B.

The GSTR-2B file is related primarily to the purchase register, purchase/expense invoices, purchase-side credit notes, supplier-reported RCM records and import-of-goods information. It is intentionally not a mirror of the sales register.
